Petition is Being Circulated

A petition addressed to the Hon. R.G. Reid, premier of Alberta, is being circulated in the district, asking for certain relief measures. The wording of the petition is as follows:

Whereas, the Legislation now in force in this province was designed and enacted to meet uniform conditions throughout the Province, changed conditions, due to recurring crop failures, have made inequitable as well as unworkable the administration of this Legislation in certain districts,

Whereas, recurring crop failures have forced many of the pioneer settlers to leave these areas and added a penalizing burden of taxes to those that remain.

And whereas, it is deemed both just and expedient that remedial measures be adopted at the next session of the Legislature to meet conditions existing in these areas.

We, the undersigned, residents and ratepayers of the provincial constituency of Acadia hereby petition your government for the granting

Donald McKay Re-elected Village Councillor

Mr. Donald McKay was re-elected a councillor of the village by acclamation last Monday.

At the annual meeting of the ratepayers of Oyen School District, held Tuesday February 5, Mr. E. MacArthur was re-elected trustee by acclamation.

of measures of the following nature pending the return of normal conditions in this and similarly situated areas.

(1) That no further supplementary revenue tax be levied in the afore mentioned areas and that complete cancellation of all arrears and penalties be granted immediately by reason of the fact that approximately seventy five per cent (75%) of the resident population are now in receipt of some form of Governmental assistance and are wholly unable to meet these tax assessments.

(2) Whereas school districts are now owing teachers two and three years back salaries and are unable to meet even present commitments, charge that some form of assistance be given school districts to enable them to meet these past obligations and pay a just wage in future.

(3) A reduction of at least one half in the grazing lease rental fees for this district to compensate for the difference in pasturage value per acre in this district as compared with others having more favorable grass conditions; the setting aside, where practicable, blocks of grazing lease lands for community grazing and winter range; and the discontinuance of all forms of taxation upon all government grazing lease lands during this period of crop short-ages.

Mixed Bonspiel In Progress

Twenty-one rinks, including three from Excel and three from Lanfine are competing this week in the annual mixed bonspiel. Play was commenced Tuesday at noon in mild weather and the ice was "swifty" during the first day's play. Lower temperatures today make conditions ideal for curling.

Petition is Being Circulated

(Continued from page 1.)

(4) We petition the government that they assume all responsibility for all taxes levied against those receiving government assistance and all taxes that have been levied and are accumulated on vacant land. That no resident rate-payer be ejected from his home holdings solely for non-payment of taxes and that such rate payer be allowed the use of such of his home holdings as may be necessary for the earning of a livelihood.

(5) We petition that when government assistance is being considered that quotas be established on a basis that will provide at least the necessities of life for women and children and not be on the basis of mere subsistence.

(6) The enactment of such other measures as will increase the welfare of the residents of these areas, that in the opinion of your Government may be deemed just and expedient, and with the assurance at all times that the social services of the government now in effect may be maintained to the fullest extent possible.

Here and There

Employed on railway construction 50 years ago, Thomas D. McGillivray, 83, of Edmonton, claims the distinction of having placed the last carload of dirt on the C.P.R. when that trans-continental line was completed to the Pacific coast in 1885. Despite his advanced age he still has a clear recollection of incidents on construction.

Miss Mary McNeill, superannuated in December after over thirty years on the Upper Lakes as stewardess of the C.P.R. Great Lakes Steamships, spent almost her entire service as chief stewardess of S.S. Keewatin, sailing with her every season from her maiden voyage in 1908 until the close of the 1934 season.

Fortunes are being spent on research in the science of armaments but not one penny for research in the field of disarmaments, said Prof. Julian Huxley, famous grandson of the even more famous Thomas H. Huxley, in outlining the meaning and functions of science, its shortcomings and possibilities, at the Lord Nelson Hotel, Halifax, recently.

"Our province will soon take an important place, if not the leading place, among the gold-producing countries of the world", stated Hon. J. E. Perrault, Minister of Roads and Mines of the Province of Quebec, in a recent address on "The Mining Industry of Quebec," at the Chateau Frontenac, Quebec City.

APPLICATION FOR LEASE OF ROAD ALLOWANCE OR SURVEYED HIGHWAY.

Notice is hereby given that Roy F. McKenzie of Sunnydale, Alberta has made application to the Minister of Public Works, Edmonton, for a lease of the following road allowance or surveyed highway, viz: between Sections 32 and 33, Township 25, Range 5, W. 4th.

Any protest against the granting of the above mentioned lease must be forwarded to the Minister of Public Works, Edmonton, within thirty days from the date of this notice.

Dated at Oyen, this 6th day of February, 1935.

Roy F. McKenzie, Applicant.
